

ENDOSCOPY SERVICES

Elite Endoscopy Services is an endoscopy repair company established in 2008, repairing scopes as a sub-contractor under the biggest names in endoscopy repair. Elite Endoscopy Services is prepared to meet your endoscopy needs and give you the assurance that all repairs are done right and exceed the average standard. We have been in the endoscopy repair business long enough to know the criteria you are looking for when it comes to repairing your endoscopes. Contact us and make Elite your first choice for endoscopy repairs and services.

Core Competencies

Endoeye Repair and Servicing

The Rigid Video Laparoscope EndoEye and Flexible Video Laparoscopes EndoEye, are in a category of their own and Elite Endoscopy Services understands this difference. That is why we have technicians who have been trained specifically for EndoEye repairs, including HD EndoEyes, with all repairs done in our facility, with a turnaround time of 1-2 days for minor repairs and 3-5 days for major repairs.

Flexibles Repair and Servicing

Elite Endoscopy Services began with flexible endoscopy repairs, and Flexibles still remain our top repair, both locally and internationally. Our technicians have over 15 years of experience in these repairs and they know how to make sure your flexible endoscopy repairs are up to OEM standards every time.

Rigids Repair and Servicing

Elite Endoscopy Services repairs all models and manufacturers of rigid endoscopes for your convenience. Our rigid repair department has experienced technicians who are veterans in repairing rigid endoscopes. Our technicians know every intricate detail of the different rigid endoscope models, leaving no guess work, but performing repairs done with excellence from start to finish.

Camera Heads Repair and Servicing

Looking for someone to service your camera heads? At Elite Endoscopy Services we know that no other device is as critical to the success of endoscopy procedures as the video camera. Elite Endoscopy Services offers laser welding, cable replacements, and complete overhaul of cameras, including HD.
